Feedback on facilities analysis

SOUTH SALEM FEEDER AREA

As part of our recent facilities analysis, we asked school staff and community members if our facilities needs list was missing any needed projects. More than 500 people submitted written feedback. All suggested projects were considered and using our established criteria of systems that were failing or on the verge of failing, they were put into one of three categories. (1) Projects that will be added to the construction bond proposal; (2) projects that will go into our general fund maintenance work order list; and (3) improvements or enhancements to be considered in the future.

1. Additions to the Construction bond proposal: These items will be added to the upcoming construction bond proposal. They are in addition to the items identified by our facilities analysis, and mentioned by you as critical renovations, repairs and upgrades.

South: Repair and replace auditorium lighting panels.

Candalaria: Replace water supply lines.

Hoover: Replace ceiling tiles.

2. Projects added to our Maintenance List: These items will all have a work order issued and be placed on our Maintenance List to be worked on as part of our regular yearly maintenance schedule. These projects will be paid for through our regular budget, and will not be part of the construction bond proposal.

South: New counter surfaces for student labs, and asbestos concerns.

Leslie: HVAC system, mold, leaking windows and pest concerns, repair office floor; and mark crosswalks.

Candalaria: Water-damaged ceiling tiles, HVAC concerns including noise and air quality.

Hoover: HVAC system, the condition of the portables, and painting of interior walls.

Lee: HVAC system, insulation, and pest concerns.

Morningside: HVAC system and replace asphalt.

Pringle: HVAC system, corroded windows, intercom system, and gopher-damaged track.

3. Future improvements or enhancements if funding is available: This list is of improvements or enhancements requested. These are not critical repairs or renovations, but are considered enhancements to the existing facility. Thanks to your feedback, they are part of our overall future facilities needs.

South: Request for new student lab sinks.

Leslie: Requests regarding parking lot design and additional lighting for the track field.

Candalaria: Requests for new teacher workroom, additional water fountains, new media center, and storage.

More on back

Asbestos issues deemed to be a health or safety concern are immediately corrected as per our district asbestos management.

Hoover: Request for a parking lot.

Morningside: Requests for better lighting, bigger offices, better classrooms, an additional gym, parking lot redesign, and HVAC upgrade.

Pringle: Request for air conditioning for classrooms.
